NEWS RELEASE

Skychain Technologies Inc. Informs of a Nefarious WebSite

February 5, 2019

TSX-V (“Exchange”) Listed Symbol “SCT”

Vancouver, BC – For Immediate Release – Skychain Technologies Inc. (the “Company”) hereby notifies shareholders, investors and users (collectively, “**Legitimate Users**”) of its website (URL: www.skychaintechnologiesinc.com) along with Legitimate Users of its Mining Sky website (URL: www.miningsky.com) that a currently unidentifiable person or persons have created a website that the Company believes is an attempt to re-direct Legitimate Users to such website with a similar domain name that is totally unrelated to Skychain or Mining Sky. The URL being used is **miningsky.io** and in technical lingo can be called an attempt to **Hijack or Typosquat** our legitimate websites. The Company **warns all Legitimate Users** that any communications or transactions with this Hijack/Typosquat site are at your sole risk. The same person or persons may have also incorporated a Federal Company using the name of MiningSky io Cloud Mining Ltd. Please be **forewarned**.

ON BEHALF OF SKYCHAIN TECHNOLOGIES INC.

“Bill Zhang”

CEO and Director

About SkychainTechnologies Inc.

Through its wholly owned subsidiary, the Company services cryptocurrency miners (startup and established) by offering its proprietary high-performance GPU-based miner designed to mine Ethereum and other cryptocurrencies, power and energy solutions for large scale mining farms to help optimize mining power consumption, mining farm construction services, and professional all-inclusive miner hosting and co-location services to ensure client operations proceed seamlessly.
